NORTH LONDON WASTE AUTHORITY

NORTH LONDON HEAT AND POWER PROJECT

APPLICATION FORM

The Planning Act 2008 The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 Regulation 5 (1)

AD01.03

Revision 0

October 2015

Telephone: 0303 444 5000

Application for Development Consent for Nationally Significant Infrastructure under the Planning Act 2008

* required information

Application Form	
guidance issued by the Depa	nents relating to the submission of applications prior to completing this form including artment of Communities and Local Government and the advice note relating to he Planning Inspectorate (Advice Note 6)
* Do you have a reference n	umber?
Yes	O No
* Reference number	EN010071
1. Applicant	?
* Organisation	North London Waste Authority
Address	
* Building number or name	1b Berol House
* Street	25 Ashley Road
* City or town	Tottenham Hale
County or administrative area	London
* Postcode	N17 9LJ
* Country	United Kingdom
* Name of contact	Ursula Taylor
* Telephone number	0208 489 5867
Fax number	
* Email	project@northlondonheatandpower.london
2. Agent	?
* Are you an agent acting or	behalf of the applicant?
Yes	O No
* Organisation	Ove Arup and Partners Limited

Continued from previous p	page
Address	
* Building number or name	13
* Street	Fitzroy Street
* City or town	London
County or administrative area	
* Postcode	W1T 4BQ
* Country	United Kingdom
* Name of contact	Nicola White
* Telephone number	020 7755 3737
Fax number	
* Email	Nicola.White@arup.com
3. Fee	?
* State the arrangement for t	he application fee payment:
BACS	CHAPS Cheque
* Please provide payment reference details	002015614
4. Confirming why the Plar	nning Inspectorate should receive the application
* Brief statement to explain v consent is required under the	why this application is, or is to be treated as, a development for which development e Planning Act 2008
(2) of the Planning Act 2008 of more than 50 megawatts consent under the Planning	ergy Recovery Facility of around 70 megawatts. Pursuant to sections 14(1)(a) and 15 (as amended), an onshore generating station in England or Wales having a capacity is a Nationally Significant Infrastructure Project, and therefore requires development Act 2008. NB: The stated energy output of "around 70 megawatts" is consistent with and is explained further in the Explanatory Memorandum (AD03.02).
5. Non-technical description	on of the Development Proposal
* Brief non-technical descript	tion of the development proposal
maintenance of an electricity north London, with associate	orth London Heat and Power Project comprising the construction, operation and y and heat generating station of around 70 megawatts at the Edmonton EcoPark in ed development including a Resource Recovery Facility for associated waste uding household recycling; and a new Visitors' Centre, EcoPark House.
6. Location or Route of the	Development Proposal ?
* Description of location of a	oplication site(s), or route of development (reference to appropriate plans)
	ses the existing waste management site known as the Edmonton EcoPark where the e located, part of Ardra Road, land around the existing water pumping station at Ardra

Road, Deephams Farm Road, part of Lee Park Way and land to the west of the River Lee Navigation, and land to

the north of Advent Way and east of the River Lee Navigation. The Application Site is located in the London

Continued from previous	page
Borough of Enfield in north	
The application site is illustr	ated on the Site Location plans (A_0001 and A_0002) in the Book of Plans (AD02.01).
* Is the site a single site or a	linear site?
Single site	C Linear site
Grid reference	
* Easting	535750
* Northing	192860
* Document reference	Section 2.1 of Planning Statement (AD05.02)
	Add another reference
7. Associated developmen	rit ?
* Associated development is	s included within this application:
Yes	O No
* Document reference	Schedule 1 of Draft DCO (AD03.01)
* Document reference	Book of Plans (AD02.01) Works No. 1b and Works Nos. 2 - 7
	Remove this reference
	Add another reference
8. a) Consultation report	?
* Document reference	Consultation Report (AD05.01)
	Add another reference
8. b) Copies of newspaper	notices ?
* Document reference	Copies of Newspaper Notices (AD01.04)
	Add another reference
9. Draft Order	?
* Document reference	Draft DCO (AD03.01)
	Add another reference
10. Explanatory Memorano	dum ?

Continued from previous	page	
* Document reference	Explanatory Memorandum (AD03.02)	
	Add another reference	
11. Land Plan		?
* Document reference	Book of Plans (AD02.01)	
	Add another reference	
12. Works Plan		?
* Document reference	Book of Plans (AD02.01)	
	Add another reference	
13. Compulsory acquisitio over land	on of land or an interest in land or right	?
* Issues are relevant for this	application:	
Yes	O No	
Statement of reasons document reference	CPO Statement of Reasons (AD04.01)	
	Add another reference	
Funding statement document reference	Funding Statement (AD04.02)	
	Add another reference	
Book of Reference document reference	Book of Reference (AD04.03)	
	Add another reference	
14. a) Environmental Impa	ct Assessment (EIA)	?
* Environmental Statement ((ES) required:	
Yes	O No	
* ES Document Reference	Environmental Statement (AD06.02)	
* ES Document Reference	Environmental Statement Non Technical Summary (AD06.01)	
	Remove this reference	
	Add another reference	

Continued from previous p	age
14. b) Screening Opinion/D	irection and Scoping Opinion/Direction
* Screening opinion sought, o	or direction received:
C Yes	No
* Scoping opinion sought:	
Yes	O No
Document reference	Environmental Statement (AD06.02) Volume 1 Appendix 1.1
	Add another reference
	der Regulation 11 of the Infrastructure npact Assessment) Regulations 2009
In addition to publishing the r	notice, a copy of the notice was sent to:-
* the consultation bodies	
★ Yes	
* the persons notified to the a (Environmental Impact Asses	applicant in accordance with regulation 9(1)(c) of The Infrastructure Planning ssment) Regulations 2009:
Yes	O No, not applicable
	th Regulation 48 of the Conservation [?]
* Report required for this app	
Yes	○ No
* Document reference	No Significant Effects Report (AD05.17)
	Add another reference
or non statutory sites or fear or landscape importance; habitats or other diversity f	ring information, identifying any statutory atures of nature conservation, geological nabitats of protected species, important features; and water bodies in a river basin er with an assessment of any effects likely pment.
* Issues are relevant for this	application:
Yes	O No
* Document reference	Report on Natural Features (AD05.16); and C_0015 Environmental Features Plan and C_00016 Water Bodies in a River Basin Management Plan (both in Book of Plans AD02.01)
	Add another reference

or non statutory sites or as scheduled monument other historic structures	anying information, identifying any statutory features of the historic environment such ts, World Heritage sites, listed buildings and a archaeological sites and registered h an assessment of any effects likely to be development	?
* Issues are relevant for th	nis application:	
Yes	C No	
* Document reference	C_0017 Historic Environment (Book of Plans AD02.01)	
	Add another reference	
18. Flood Risk Assessm	ent	?
* Flood risk assessment re	equired:	
Yes	O No	
* Document reference	Flood Risk Assessment (AD05.14)	
	Add another reference	
19. Matters set out in sec Environmental Protectio	ction 79 (1) (statutory nuisances etc) of the n Act 1990	?
* Statement required for th	nis application:	
Yes	O No	
* Document reference	Statement on Potential Statutory Nuisances (AD05.15)	
	Add another reference	
20. A plan with any acco	mpanying information identifying any	?
* Issues are relevant for th	nis application:	
C Yes	No	
	w or altered means of access, stopping up ons, extinguishments or creation or rights of avigation	?
* Issues are relevant for th	nis application:	
Yes	C No	
* Document reference	C_0012, C_0013 and C_0014 (Book of Plans AD02.01)	
	Add another reference	
22. Additional information	on for specific types of infrastructure	?

Continued from previous page		
* Additional information is required to be submitted in accordance with regulation 6 of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009:		
* Provide a brief description		
Regulation 6(1)(a)(i) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 requires applications for onshore generating stations to be accompanied by a statement of who will be responsible for designing and building the connection to the electricity grid.		
* Document reference Grid Connection Statement (AD05.08)		
Add another reference		
Regulation 6 of the Infrastructure Planning (Applications: Prescribed Forms and Procedures) Regulations 2009 requires additional information to be submitted with the following types of development.		
* Please check any of the following boxes that apply:		
☐ Construction or extension of an offshore generating station (Reg. 6 (1a))		
○ Construction or extension of a non offshore generating station (Reg. 6 (1b))		
☐ Highway related development (Reg. 6 (2) (part 1))		
☐ Construction or alteration of a railway (Reg. 6 (2) (part 2))		
☐ Construction or alteration of harbour facilities (Reg. 6 (3))		
☐ Construction of a pipeline (Reg. 6 (4))		
☐ Construction or alteration of a hazardous waste facility (Reg. 6 (5))		
☐ Construction of a dam or reservoir (Reg. 6 (6))		
Construction or extension of a non offshore generating station (Reg. 6 (1b))		
* Provide a statement of who will be responsible for designing and building the connection to the electricity grid		
The Application is to replace an existing Energy from Waste facility at the Edmonton EcoPark. The existing facility is already connected to the electricity grid and the existing grid connection requires upgrading to provide the connection for the new Energy Recovery Facility. UK Power Networks has proposed to use existing easements to undertake the required upgrade works. Further information is set out in the Grid Connection Statement (AD05.08)		
* Is it a gas fuelled generating station?		
○ Yes		
23. Any other plans, drawings and sections necessary to describe the proposal for which development consent is sought, and any other documents, reports or information to support the application		
Provide a brief description of any other plans, drawings and sections that are being submitted with this application		
There are Land Plans in the Book of Plans (AD02.01) which illustrate the land affected by the Project. Plan C_0018 in the Book of Plans (AD02.01) identifies land referred to in Article 28(1)(b) of the DCO. There are Indicative/For Information plans which provide more information on the proposed buildings, drainage, utilities, landscaping, access, security and lighting.

Document reference Design Code Principles (AD02.02) for

Indicative/For Information Plans

Remove this reference

Add another reference

Provide a brief description of any other documents considered necessary to support the application

Design Code Principles (AD02.02): establishes the principles for detailed design and illustrative drawings and plans.

Section 106 Draft Agreement (AD03.03): sets out the proposed planning obligations.

Statements of Common Ground (AD03.04): joint statements from the Applicant and stakeholders agreeing factual information within the Application and outlining matters on which they agree, or where agreement has not been reached. SoCGs are being prepared and will be provided as they are completed in alignment with the examination timetable.

CPO Powers Roadmap (AD04.04): sets out what CPO powers are going to be used in relation to each land plot.

Planning Statement (AD05.02): describes the planning case for the development.

Alternatives Assessment Report (AD05.03): summarises the alternatives that have been considered by the Applicant, in particular the technology and site options, to determine the most appropriate scheme

Need Assessment (AD05.04): explains why the Project is being proposed, by considering it in the context of both national, strategic factors, as well as local factors

Fuel Management Assessment (AD05.05): sets out how waste received at the Edmonton EcoPark would be managed.

Combined Heat and Power Development Strategy (AD05.06): describes the combined heat and power (CHP) development strategy for the proposed Energy Recovery Facility (ERF), demonstrating the CHP opportunity and how it is planned to be implemented as required by Overarching National Policy Statement for Energy (NPS EN-1).

Design and Access Statement (AD05.07): outlines the design concepts and principles, covers the alternatives considered, and sets out the access issues for the Project.

Health Impact Assessment (AD05.09): assesses the potential health impacts resulting from the Project.

Utility Strategy (AD05.10): explains how the Project will connect to existing utility infrastructure systems, and outlines its impacts upon these systems.

Transport Assessment (AD05.11): sets out the implications of the Project on transport, during construction and operation and provides framework travel plans.

Code of Construction Practice (AD05.12): sets out the principles and controls developed to reduce and mitigate the effects of the Project during construction.

Sustainability Statement (AD05.13): outlines and appraises the sustainability objectives for the design and

Continued from previous p	nage and how they would be achieved.
1	s and Mitigation Schedule (AD06.03): sets out the environmental commitments and commits to delivering as part of the Project.
